## WORK EXPERIENCE

---

### Web Development Intern

10/2024 – 01/2025

#### Uptoskills

- Developed and deployed over two responsive web interfaces using JavaScript and React, incorporating adaptive layouts across diverse screen dimensions.
- Structured and maintained modular front-end routing using React Router, facilitating seamless user navigation and state management.
- Integrated interactive UI components with backend APIs to fetch and display data efficiently in React.
- Explored and applied front-end patterns from multiple MERN-stack applications to strengthen practical proficiency in modern React development.

### Web Development Intern

05/2024 – 06/2024

#### Octanet Services Pvt Ltd

- Constructed web interfaces across 3+ projects using HTML, CSS, and JavaScript, with emphasis on structure, readability, and user interaction flow.
- Collaborated with development teams on 3+ projects to examine and refine aspects affecting front-end performance.

## EDUCATION

---

### Narayana junior college

2020 – 2022

12th class. (95.8%)

### Chalapathi E.M school

2020 – 2022

10th class (100%)

### Vignan's Institute of Information Technology

2022

Bachelor of Technology (B.Tech) in Computer Science (GPA:9.14)

## PROJECTS

---

### Smart n Fresh Website

- Created an e-commerce site that helped over 200 farmers sell organic produce directly, removing middle layers and improving access for consumers.
- Designed and structured over 15 frontend pages to support browsing, product viewing, and order placement.

### Frontend Quiz

- Developed an interface using HTML, CSS, and JavaScript to display over 10 types of quizzes available for users to attempt.
- Adjusted layout and navigation flow, helping users access quizzes in under 3 steps across different screen sizes.

## SKILLS

---

**Core Concepts & Languages::** Python, C++, C, Java, Data Structures and Algorithms, Operating Systems, Object-Oriented Design, Complexity Analysis and Algorithm Design.

**Frontend & Backend:** HTML5, CSS3, JavaScript, ReactJS, Bootstrap, Tailwind CSS, Node.js, SQL, MongoDB.

**Tools and Deployment:** Git & Github, Linux/Unix Command line, AWS basics.

## ACHIEVEMENTS

---

- Solved 800+ coding problems on CodeChef (2★) and LeetCode, demonstrating consistent practice and proficiency in data structures and algorithms.
- Engaged in multiple 24-hour hackathons, contributing to collaborative software solutions under time-constrained environments.

## CERTIFICATIONS

---

- - C, C++ (SoloLearn)
- - JavaScript (eDX)
- HTML,CSS (Infosys Springboard)
- - Python Essentials (Cisco Networking Academy)
